2009 Information Transparency and Disclosure Ranking Results in Taiwan

About “Information Disclosure and Transparency Ranking System”

The recent media focus on corporate governance has prompted calls for greater transparency and disclosure on companies around the globe. As a result, several leading financial-information providers have launched disclosure rankings, evaluations, and research related to how companies disclose information to rely on market force and mechanisms to encourage voluntary disclosures of companies. However, the evaluation criteria selected by those rankings, to some degree, could not provide an overall evaluation of disclosure practices in local market. In additions, there have been calls for standard setters and regulators to expand disclosure requirements according to international standards. Therefore, the Securities and Futures Institute (“SFI”), entrusted by the Taiwan Stock Exchange Corporation (“TWSE”) and the Gre Tai Securities Market (“GTSM”), currently launched “Information Disclosure and Transparency Rankings System”(IDTRS) to evaluate the level of transparency for all listed companies in Taiwan since 2003. For the seventh time, the 2009 full-year ranking results were released on June 8, 2010. Following the last year’s practice, this year, we release the full ranking results too. In the 1,154 listed companies of TWSE and GTSM, 35 companies were ranked as “Grade A+”, 355 companies were ranked as “Grade A”, 565 companies were ranked as “Grade B”, 180 companies were ranked as “Grade C”, and 19 companies were ranked as “Grade C-”,. For full ranking results, please visit web site at <http://www.sfi.org.tw>.

Objectives

- ◆ To promote corporate transparency by developing evaluation criteria which can not only well examine local disclosure practices but also comply with international standards.
- ◆ To assist companies in reducing cost of capital as disclosure level increase.
- ◆ To enable investors to better protect their interest through use of ranking results as an additional decision-making tool.
- ◆ To help regulators better monitor the market.

Companies covered

Except some companies with inadequate data (listed after January 1, 2009) or regulatory enquires, all TWSE/GTSM-listed companies were covered by IDTRS.

Evaluation Criteria

The IDTRS gauged the level of corporate transparency by searching annual report, regulatory filling via inter net, and company web sites. In order to access the transparency and disclosure practices of listed companies, IDTRS identified 109 disclosure items as evaluation criteria grouped into the following five categories:

- ◆ Compliance with the mandatory disclosures
- ◆ Timeliness of reporting
- ◆ Disclosure of annual report
- ◆ Disclosure of Financial forecast
- ◆ Corporate website disclosure

Each disclosure item is in the form of a “yes” or “no” question to ensure objectivity (each “yes” question is equal to one point and each “no” to zero). Since IDTRS focuses only on the existence of each disclosure item, IDTRS does not endeavor to access the accuracy of the information.

Screening Process

A two-stage of screening process was conducted. All information provided was preliminarily screened by the SFI in-house ranking team based on the existence of each disclosure item. All companies were entitled to check the preliminary result via inter net, then directly respond to the SFI regarding ambiguous issues in two weeks. Upon receiving the different opinions (in papers) expressed by companies, the Ranking Committee, composed of experts from accounting profession, industry and academia, subsequently accessed the presentation of information and decided the final list of the more transparent companies.

List of the ranking results

● Rewarding list

In total, 11 companies ranked as "Grade A+" with the highest scores were chosen to reward in year 2009. A detailed list (in company code order) was described as follows:

TWSE listed Companies

| Code | Company Name | Code | Company Name | Code | Company Name |
|------|--------------|------|--------------|------|--------------|
| 1452 | HONG YI | 2412 | CHT | 2498 | HTC |
| 2809 | KTB | 2834 | TBB | 2856 | ML |
| 3042 | TXC | 3045 | TWM | 4904 | Far EasTone |

GTSM listed Companies

| Code | Company Name | Code | Company Name |
|------|--------------|------|--------------|
| 4126 | PAHSCO | 6008 | KGI |

● Grade A+

In total, 35 companies were ranked as "Grade A+" in year 2009. A detailed list (in company code order) was described as follows:

TWSE listed Companies

| Code | Company Name | Code | Company Name | Code | Company Name |
|------|--------------|------|--------------|------|----------------|
